

# CLEAN-UP WEEK IS STARTED OFF WELL

Proclamation Read in Churches Yesterday—Wagons Procured to Haul Garbage From All Parts of Town

PLAN TO CONVERT VACANT LOTS INTO LITTLE PARKS

With the reading of the Mayor's clean-up proclamation from the pulpits of local churches yesterday, the clean-up campaign was officially begun. Local ministers commented on the proclamation and urged the people to cooperate in the work that it might be done thoroughly.

The city has procured two wagons with drivers for the hauling away of garbage this week. A different section of the town will be cleaned each day, that part lying between Twentieth and Twenty-sixth streets on Cumberland avenue will receive the attention of the clean-up force tomorrow. Residents of this section are requested to pile rubbish in some convenient place and to notify the city hall so that a wagon may come for it.

City prisoners will be used in loading the garbage. The work may be done quickly in this manner.

Dates on which rubbish from other territories will be hauled will be announced later. Today the prisoners have been working in cleaning up the streets.

All citizens seem to be interested in the work and it is thought that one hundred per cent cooperation will be given. Plans are being made by C. O. Brown, Cecil Owsley and other business men to make miniature parks of their vacant lots on Cumberland avenue. Flowers will be cultivated, grass seed sown, and the vacant places will, in general, be beautified.

## UNION OFFICIALS ADDRESS MINERS

Urge Organization to Work With Central Competitive Field at Mass Meeting Yesterday

William F. Turnblazer, president of District 19 United Mine Workers, and L. Reed, secretary of this district and several national organizers were in Middlesboro over the week end and conducted a big mass meeting for miners in Whitaker's Barn at Stony Fork Junction yesterday afternoon. About three hundred miners and wives and children, representing various coal mines throughout the county, attended the meeting.

Speakers included: President Turnblazer, Secretary Reed, Benny Williams, national organizer of Ohio; Tom Smith, national organizer of Grayville, Tenn.; W. L. Gilmore, national organizer of Kansas; George Lewis, national organizer of Illinois; George Snyder, national organizer of Ohio and Frank Walters, national organizer of Ohio.

The theme of all the speeches was urging the miners to organize so that they could work in conjunction with the Central Competitive Field and strengthen the stand of miners throughout the country. No action was taken in regard to the matter. The mines around Pineville and Straight Creek are most of them organized, but those around Stony Fork are not so generally organized.

# ATTORNEY GENERAL AGAIN TARGET OF BITTER ATTACKS

Marshall, Chief of Construction Division of Army in War, Accuses Daugherty of Besmirching Reputations Without Evidence

SAYS HE USED INDICTMENT POWER FOR POLITICAL PURPOSES

By Associated Press

PITTSBURGH, Apr. 23.—Attorney General Daugherty was accused of using his power of indictment in war camp contract cases for political purposes and of besmirching reputations without evidence even directly to support his charge in a speech here today by R. C. Marshall, Jr., chief of construction division of the army during the war. Addressing a business men luncheon, Marshall, who formerly held the rank of Brigadier-General said the Department of Justice after five years and following an investigation costing the government one hundred thousand dollars, had the unmitigated effrontery to plead unpreparedness in several cases, at the same time accusing contractors of inefficiency in paving when they built whole cities in ninety days.

\*\*\*\*\*

## ODDFELLOWS TO CELEBRATE 104TH ANNIVERSARY LODGE

Local Oddfellows will celebrate the one hundred and fourth anniversary of the national lodge tonight at the I. O. O. F. Hall. They will confer the initiatory degree on several candidates and present twenty-five-year veteran jewels to W. T. Bible, W. T. Caton and Felix Catch. Refreshments will be served at the close of the evening.

## BERLIN PREPARES OFFER TO ALLIES

London Correspondent Says Germany Ready to Negotiate Reparations and Guarantees

By Associated Press

LONDON, Apr. 23.—A Berlin correspondent of the Central News says he has learned on good authority that the German government is preparing a positive offer to the allies. He adds that the government will declare a readiness to negotiate the question of reparations and guarantees.

## SEN. LAFOLLETTE TO TAKE STUMP

Wisconsin Solon Will Probably Follow Harding's Trail Through The West

By Associated Press

MADISON, Wis. Apr. 23.—Senator Robert LaFollette will take the stump to carry his ideas to the people of the country sometime in June, according to word received here today from his son and secretary. It is regarded as likely here that he may take up the trail of President Harding should he swing through the west. Apparently he is planning for a vigorous campaign.

\*\*\*\*\*

## FOR A BETTER MIDDLESBORO

Specific improvements make up the details of a campaign for a BIGGER AND BETTER MIDDLESBORO, and a list is to be compiled of these details, for use from day to day. Today we are advocating:

That our passenger depot be made a cleaner, more sightly and more sanitary place at once, and that the utmost influence be brought to bear toward getting a new station.

That a general movement for street improvement be instituted immediately, with emphasis on repair and construction of Cumberland Avenue.

That a system of street marking be devised in this city so that a stranger or for that matter, a resident, can find his way around without undue inquiries.

That the ordinance prohibiting spitting in public places be rigidly enforced and the practice be condemned as repugnant and unsanitary. . . .

That the spiritual side may not be neglected in the campaign for a Better Middlesboro, but rather that we should emphasize the importance of building spiritually as paramount to any material improvement.

That Middlesboro's lack of a fitting burial place be remedied and provisions for a city cemetery be made.

That every citizen of Middlesboro lend his wholehearted help in the Clean Up, Paint Up, Plant Up Campaign to be launched by the Woman's Club next week.

# CHRISTIAN CHURCH REVIVAL BEGINS WELL YESTERDAY

The Christian church revival services started off well yesterday with a large attendance at both services and four men presenting themselves last night to unite with the church. The Rev. A. B. Reeves, pastor of the church, conducted both services yesterday.

The evangelist, Rev. Joel Lee Jones, of Hollidays Cove, W. Va., is expected to arrive today and conduct the services tonight and each night succeeding, for two weeks. If the Rev. Jones does not get here today, however, Rev. Reeves will preach again tonight.

# BILLY SUNDAY MEET IN LOUISVILLE ON

Evangelist Disappointed With \$1400 First Day Collection—Says Smallest in 12 Years

By Associated Press

LOUISVILLE, Apr. 23.—Billy Sunday, rip-roaring evangelist, who Sunday started his six weeks' local campaign to track the devil to his lair rested today after a strenuous opening attack which brought the keenest disappointment of his long career. He was disappointed because twenty-five thousand persons heard him at three meetings and contributed only \$1400. "It is the smallest I have seen in twelve years," he said. Actual expenses of the Sunday meetings figure \$26,000 with no compensation for Sunday.

\*\*\*\*\*

## F. P. SCALES AGAIN COUNTRY CLUB HEAD

Other Officers Re-elected—Directors Authorized to Buy Tournament Trophies

F. P. Scales was reelected president of the Country Club at a directors meeting held Saturday. Other officers elected were: W. E. Cabell, vice-president and John E. Miller, secretary and treasurer. With the exception of combining the two last named offices, the same officers were elected as have served during the past year.

The directors authorized the purchase of trophies for the Southeastern golf tournament which will be held here in July. Three of these will be bought by the club while about a dozen others will be furnished by members and merchants of Middlesboro. About one hundred visitors are expected here for the tournament.

The directors further authorized work on the ladies' rest room and other necessary work about the building.

## CHAUNCEY DEPEW 89, TODAY, EXPECTS TO PASS CENTURY MARK

By Associated Press

NEW YORK, Apr. 23.—Chauncey M. Depew, 89, today said he expected to pass the century mark. Exercise of mind rather than of the body kept him in shape he said.

Romey Lane, Paul Nickols, Walwright Foley and Harry Petree were visitors from Pineville here yesterday.

# LET CONTRACT FOR 200 MILES ROAD IN KENTUCKY TODAY

Middlesboro-Cumberland Gap Three-Mile Line Included in Contemplated Improvement In 24 Counties

TIME LIMIT FOR COMPLETION VARIES ONE TO THREE MONTHS

By Associated Press

FRANKFORT, Ky., April 23.—Contracts for the improvement of more than 200 miles of roadway in twenty-four counties of Kentucky were to be let by the State Highway Commission at its meeting here today. In addition to the contract letting, in accordance with bids submitted last week, delegations from all the counties lying along the Dixie Bee Line highway from Henderson to the Tennessee line were to appear before the commission to urge completion of the gaps on this trunk line.

All improvements under the contract to be awarded today will consist of cleaning the surface, applying the bituminous material and spreading the covering material in accordance with specifications given by the Department of State Roads and Highways. The time limit for completion of the work varies from one to three months.

The contracts to be awarded follow:

Hart county: Jackson Highway, beginning two miles north of Bear Wallow and extending north a distance of 1.4 miles; Western Dixie Highway, from Mumfordsville toward Horse Cave, 3.2 miles; Western Dixie Highway from Horse Cave to Bear Wallow, 3.8 miles.

Warren: Bowling Green-Scottsville road, from Bowling Green to Greenwood, 2.8 miles; Bowling Green-Morgantown road, from Bowling Green extending northwest 3.5 miles.

Palaski and Lincoln: Somerset-Stanford road, from Waynesburg road to near Eubank, 0.2 miles; Somerset-Stanford road, from Somerset north 12.5 miles.

Rockcastle: Mt. Vernon-Livingston road, from Mt. Vernon southeast 7.2 miles

Bell: Middlesboro-Cumberland Gap road, from Middlesboro to Tennessee-Virginia line, 3 miles.

Breckin, Lenoxburg to Powersville, 10.6 miles; Brooksville-Maysville road, from Brooksville to Germantown, 3 miles; Brooksville-Augusta road, from Brooksville to Augusta, 8.2 miles; Cynthiana-Brooksville road, from Brooksville to Harrison county line, 11.8 miles.

Pendleton: Falmouth-Cynthiana road from two miles south of Falmouth to Harrison county line, 6.2 miles; Falmouth-Covington road, from Grassy Creek, 4 miles south toward Greenwood; Falmouth-Newport road, from Greenwood 4.5 miles south; Falmouth-Newport road, from Falmouth 3 miles north.

Barton: Cynthiana-Paris road, from Harrison county line extending south 3 miles; Paris-Mt. Sterling road, from Montgomery county line extending north 4 miles

Garrard: Lancaster-Richmond road, from Lancaster east 5 miles; Lancaster-Lexington road, from Lancaster to Camp Dick Robinson, 5.9 miles.

Jessamine: Nicholasville-Lancaster road from Nicholasville to Garrard county line, 7.7 miles.

Madison: Richmond-Irvine road, from Richmond southeast 3 miles; Richmond-Irvine road, extension on foregoing project, 2.8 miles.

Estill: Irvine-Richmond road, from Irvine to Rice Station, 3.5 miles.

Nelson: Bardstown-Springfield road, from Bardstown southeast 3 miles; Bardstown-Lawrenceburg road from Bloomfield to Chaplin, 5.5 miles.

Marion: Lebanon-Danville road, from Lebanon east 2.5 miles.

Shelby: Shelbyville-Newcastle road, from Shelbyville north 4 miles.

Scott: Georgetown-Cynthiana road, from Paris-Georgetown road to Oxford, 4.7 miles; Frankfort-Georgetown road, from Franklin county line east 3.1 miles.

Henry: New Castle -Campbellsburg road from New Castle to Campbellsburg, 6.6 miles.

Oldham: LaGrange-New Castle road, from Russells Corner to city limits of La Grange, 3.4 miles; LaGrange-

# BILL BAKER KILLED BY HIS EMPLOYEE

George W. Woody Slays Proprietor Sanitary Barber Shop With Lat-ter's Gun After Fight On Nineteenth Street

BAKER ATTACKED WOODY, ALLEGATION OF WITNESSES

William M. Baker, proprietor of the Sanitary Barber Shop, was shot and killed by George W. Woody, an employe at 6:45 last night on Nineteenth street near the corner of Lothbury avenue.

The shooting was done with Baker's revolver and is said to have occurred after Baker had struck Woody over the head with it. A number of persons witnessed the shooting. Woody, still suffering from the effects of the blows, was arrested immediately after the shooting.

According to witnesses, Baker who was apparently intoxicated, had started a quarrel with Woody. Woody says that he paid no attention to Baker for he thought the latter was drunk. Baker ran to his house a short distance away, got his pistol, and returned to the scene of the quarrel. Mrs. Baker, screaming for him to stop, followed. Woody says that Baker approached from behind and struck him on the head with the weapon. He ran across the street and Baker followed.

Woody says that Baker began trying to strike him with the weapon and that he warded off the blows with his hands. He knocked the pistol from Baker's hand. The two made a scramble for the gun, Woody succeeding in getting it. Witnesses say that he fired five shots, four of which took effect. Baker was hit in the right side under the arm, once in the cheek and once under the chin. He was carried to his home where he died a few minutes later. Afterwards the body was taken to the Carl Newman undertaking establishment.

Hearing the shots, Reese Watkins, and Frank Crabtree, night policemen, ran to the scene and placed Woody under arrest. The latter was still apparently in a dazed condition from the effects of the blows when he was put in jail. In addition to the bruises on his head traces of blows are on his hands also on his shin where, he says, Baker kicked him during the scuffle. One bullet crashed through the door of John Jacobs' house in front of which was the scene of the tragedy.

George W. Woody, whose home is at Crossville, Tenn., came here from Harlan about three weeks ago and went to work as a barber in Baker's shop on Nineteenth street. He is well known as a baseball player having played on the High Split team for a time. He is thirty-two years old and is single.

The deceased who was the proprietor of the Sanitary Barber shop and of the Baker Rooming house on Nineteenth street was formerly chief of police at Pineville. He was 33 years old. He is survived by a wife, one daughter, Anna Bell; his parents, Mr. and Mrs. W. M. Baker, Flat Lick; five brothers, Ben and James Baker, of Harlan; Dan Baker, Frankfort, and Tom Baker, Artemus; four sisters, Misses Jennie, Axie and Ellen Baker of Flat Lick and Miss Clara Baker of Richmond. The body will be taken to Flat Lick this afternoon. Funeral services will be held at 2 o'clock tomorrow afternoon and burial will take place there immediately after.

## NEW BUS LINES INTO VIRGINIA BEING ESTABLISHED

Bus lines between Middlesboro, Pymmington Gap and Appalachia via Rose Hill are being established by J. O. Linnard. A new bus of the sedan type runs from here to Rose Hill. Another will run from Rose Hill to Pymmington Gap and another from Pymmington Gap to Appalachia.

Mr. Linnard built the body of the bus on the Rose Hill line. It has seats at each seat and the seats are upholstered in real leather.

## GET WHISKY FROM MAGISTRATES SAFE

"Evidence" stolen Last Night Part of Liquor Taken in Raid on Clarence Carr

PINEVILLE, Apr. 23.—A metal safe cabinet in the office of Magistrate M. F. Crech was broken open last night and looted. The booty consisted of four and one half gallons of good whiskey. There were six gallons of the moonshine in the safe but a gallon and a half were left in the safe by the kind-hearted regg.

The office is located in the basement of the courthouse. Entrance to it was effected by prying open a door. The door of the safe was opened in the same manner. Nothing except the liquor was taken from the office.

Magistrate Crech who seems greatly worried over the loss of the liquor says that it is part of the eighteen gallons taken from Clarence Carr in Middlesboro recently. Six gallons, he explained, were kept to be used as evidence. Asked what was done with the other twelve gallons he replied that it had been poured out.

No clues which might lead to the identity of the looters were left. It is thought, however, that it was some person or persons who knew of the whiskey in there and that they entered the office for the sole purpose of stealing it.

Mrs. I. H. Buchanan of Hima, Ky., was the week end guest of Mrs. Tim Ball.

Shelbyville road, from LaGrange to Gathright road, 4.7 miles.

Fayette: Lexington-Harrodsburg road, from Jessamine county line north 1.5 miles; Lexington-Harrodsburg road, from Lexington south 1.7 miles; Dixie Highway, from Scott county line south 1.9 miles.

Boyles: Danville-Harrodsburg road, from Danville to Mercer county line, 3.5 miles.

Mercer: Lexington-Harrodsburg road from Harrodsburg to Shakertown, 7.1 miles.

Woodford: Midland Trail, from Versailles to Fayette county line, 4.5 miles; Midland Trail, from Versailles west one half mile to junction of Midway road.

Montgomery: Mt. Sterling-Paris road, from Mt. Sterling to junction of Paris-Sharpsburg road, 1.2 miles.

\*\*\*\*\*  
A THOUGHT  
\*\*\*\*\*

..Woe to the rebellious children, saith  
the Lord, that take counsel, but not of  
me; and that covereth with a covering,  
but not of my spirit, that they may  
add sin to sin.—Isaiah 30:1.

Wherever there is authority there is  
a natural inclination to disobedience.  
—Halibarton.

FIRE PREVENTION DAY  
IN CLEAN UP WEEK

The first day in the week's Clean-up  
Campaign has been designated as Fire  
Prevention Day and it is well to give  
over one day to such an important con-  
sideration. Much the greater propor-  
tion of fires are caused by rank care-  
lessness, by allowing trash and rubbish  
to collect in corners or back rooms,  
where they catch fire by spontaneous  
combustion or when a stray match or  
ignition of some kind is thrown on  
them.

The fire waste in Kentucky in 1922  
was over \$400,000,000, more than the  
yearly cost of running the government,  
and fifteen thousand lives were lost.  
This fire waste means utter loss to  
the world, for when a building burns  
it marks property that can never be  
replaced, and, though the owner may  
have insurance, the country is the  
poorer for the loss.

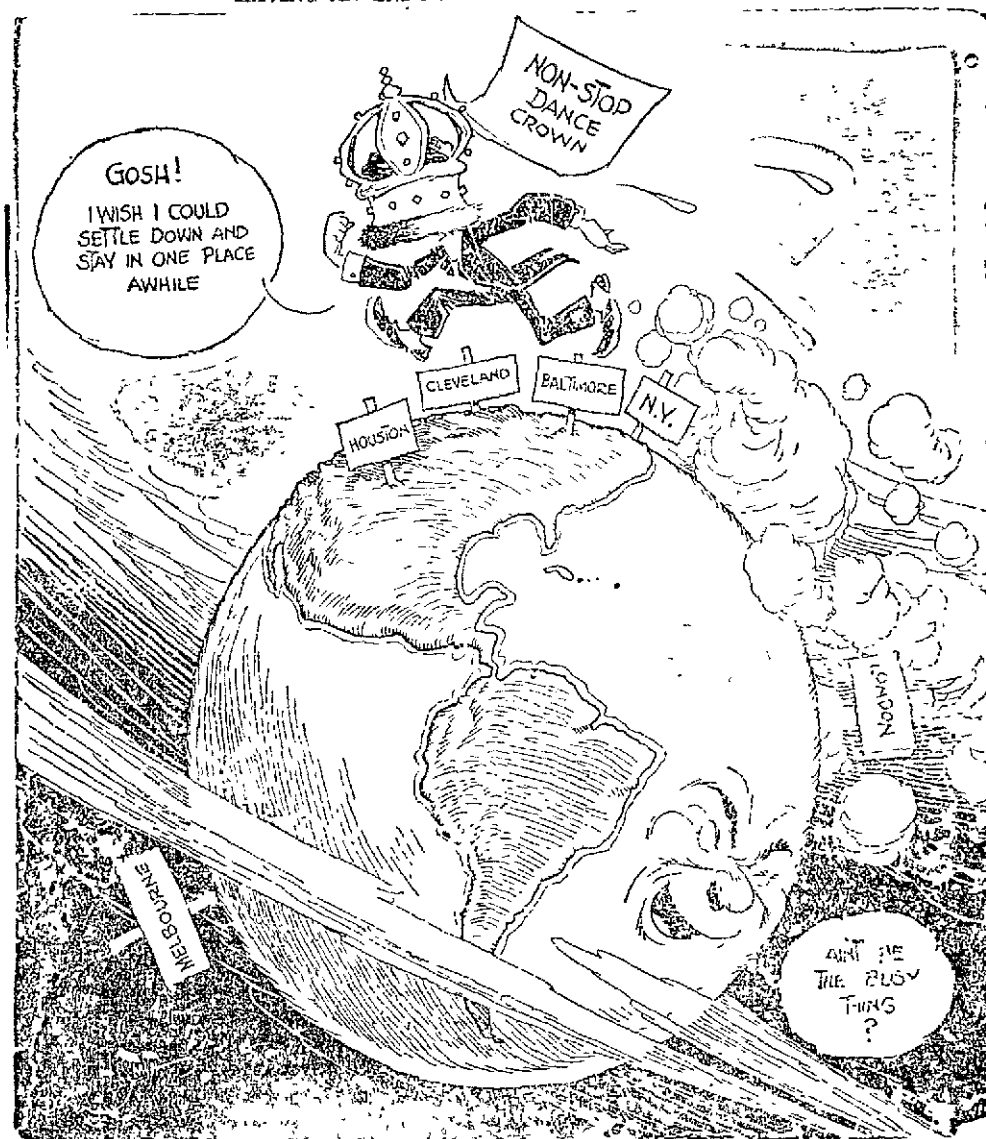

The Middlesboro fire prevention  
equipment is quite poor and the condi-  
tion of buildings as reported by the  
Fire Prevention Association in Janu-  
ary is so bad that the fire insurance  
rates for the city are much higher  
than they should be. The association,  
when here, investigated all public  
buildings and made recommendations  
but they report that few of their sug-  
gestions have been complied with.

This condition in our city, then,  
makes Fire Prevention Day a very  
important one in Clean-Up Week. Let  
us be better housekeepers, and clean  
up the rubbish that has been allowed  
to accumulate in attic, cellar or back  
rooms. Let us eliminate every place  
where a fire may start and guard  
against any chance of fires. Most of  
all, let us get our premises neat and  
clean and keep them that way.

THE MATTER OF  
GUN TOTTING

Warren Middleton, a University  
man, was just acquitted in the Fayette  
Circuit court, where he was tried on a  
charge of murder. Neither Middle-  
ton nor his victim was authorized by  
law to carry a pistol, yet Joe Seif is  
sleeping in his garage and Middleton  
is just acquitted after almost miracu-  
lous hospital recovery. Will Lewis,  
of our own country, is convicted of  
killing a woman while riding with her  
on the public highway. Neither he  
nor the woman was authorized by law  
to carry a pistol. We have no quar-  
rel with the prohibition hysteria arm  
but cannot get feverishly enthusias-  
tic about that when any man, woman  
or boy, with or without provocation  
or reason, can tuck a pistol and go  
out and wreck havoc at will. The  
federal law prohibits the sale of  
whisky and spends millions a year  
to enforce that prohibition; regulates  
the sale of narcotic drugs and poi-  
sons; prescribes pure food and drug  
regulations, all to protect the pur-  
chaser and health of the nation. But  
the innocent bystander must take his  
chance against the cowardly pistol  
toter, who with a magnified ego and  
grudge, would wreck his vengeance  
on his victim and innocent citizens  
alike.—Pineville Sun.

## HAVING AN ENDURANCE TEST OF HIS OWN

Tom  
Sims  
Says

Spoofing and spooning not only  
sound alike.

Being handicapped by skirts, some  
men find it easy to beat a woman to a  
street car seat.

Tell her she gets better looking ev-  
ery time you see her and she wants  
you to see her often.

Be careful with a tooth brush that  
wears out easily. Someone may be  
using it by mistake.

The reason so much scandal is made  
is because there are so many eager to  
carry it.

Weeds make a splendid garden.  
They grow so quickly and never have  
to be watched over.

When you see a man's face all  
scratched up now you never know  
whether it was a cat or earrings.

Give a man enough rope and he will  
smoke himself sick.

A man often tells a girl he would  
wait a million years to marry her, but  
he never does it.

Since, as the astronomers say, the  
moon has no air or water it is no place  
for an auto trip.

In Washington, a man bought five  
million undershirts, and will always  
have a clean undershirt.

Turpentine is not good for bed bugs.  
It kills them.

Gum arabic may be used for clean-  
ing old straw hats if you can't ex-  
change them at some good cafe.

Spiders, frogs and lizards are found  
in cargoes of bananas, indicating that  
they slip in on the skins.

It is considered quite a feat to paint

up old furniture without painting up  
the house.

Pkinese dogs date back more than a  
thousand years but are very small for  
their age.

It is best to boil things in steaming  
hot water, because cold water does not  
boil.

If you ever meet a man without a  
country tell him there is one in South  
Africa without a man.

A drop of glycerine makes a cake  
rise rapidly. Nitroglycerin does the  
same, but never use it.

Goldfish breeding is a big industry  
in Italy, and they seldom turn out to  
be brass.

Wetting nails before driving keeps  
you from cracking plaster, but not  
from cracking your thumb.

Borax is good for removing dandruff,  
so borax may be related to our  
head-scratching Senator Borah.

Spring is time for lambs to gambol,  
but a lamb who gambled in Chicago  
lost the bank's money.

We had about as soon walk with a  
corn as with a walking stick.

## Three Enlist in Army

Luke Wright of Cumberland Gap,  
Robert Hamick of Powder Springs,  
Tenn., and Edward M. Scott of Ozene,  
Tenn. have enlisted in the army here  
for service in the Third Field Artillery  
at Fort Benjamin Harrison.

LUTHER SUTTLES BOUND TO  
GRAND JURY, \$1000 BOND

Luther Suttles, charged with violat-  
ing the statute regarding juveniles  
waived preliminary examination Sat-  
urday morning and was bound over to  
the grand jury under a \$1000 bond by  
County Judge J. S. Bingham.

The complaining witness in the cas-  
e is a sixteen-year-old girl who, it is al-  
leged, was with the defendant at  
Booneway Inn and at Fern Lake re-  
cently. Chapter 17 of the 1922 Acts  
which amends section 1155 provides a  
punishment of from two to ten years  
in the state reformatory for a defen-  
dant convicted of such an offense.

♦♦♦♦♦ Berton Braley's Daily Poem ♦♦♦♦♦  
The Interloper

♦♦♦♦♦ By Berton Braley ♦♦♦♦♦

You've got it all planned, what you do  
with your life,

How singly you'll plunge in the heat  
of the strife

Without being "hampered or bound by  
a wife,"

And wrest your successes from the  
midst of the throng,

And then—then a girl comes along!

A girl comes along! And your heart  
sings a song,

Without her you feel that the world  
would go wrong;

You'll know how it is when a girl  
comes along!

You've wanted to travel, to rove and  
to roam

By mountain and valley and over the  
foam

Without any family waiting at home,  
And marriage, you think, is a "chain  
and a thong,"

And then—then a girl comes along!

A girl comes along! Oh her magic is  
strong,

And you'll settle down with the home-  
keeping throng,

For that's how it is when a girl comes  
along!

You're sore and discouraged, and down  
on your luck,

You've lost all your pep and your vim  
and your pluck,

The crowd seems to trample you deep  
in the muck;

You cannot stand up at the clang of the  
gong,

And then—then a girl comes along!

A girl comes along! Just a girl from  
the throng,

And courage comes back to you, ri-  
brant and strong,

You rise up again, a man among men,  
For that's how it is when a girl comes  
along!

A cheap guy is one who asks a girl  
to meet him at a movie, inside.

For that  
COUGH  
KEMP'S  
BALSAM

LETTER FROM ALICE HAMIL-  
TON TO HER FRIEND, BETTY  
STOKLEY

The plot thickens, dear Betty, and  
I feel quite a conspirator. Yesterday  
I received a picture postal from Leslie,  
who is at Niagara Falls on her wed-  
ding trip, saying that Jack, her hus-  
band insisted upon her wearing the  
"pearl beads" I gave her all the time.

I wonder what he would think if he  
knew that those "pearl beads" were  
real and probably worth a hundred  
and twenty-five thousand dollars.  
What would he think if he knew that  
some man had given ten years of his  
life to matching them? And that it  
had been a labor of love! What would  
he think about Leslie if he suddenly  
realized that Karl Whitney's heart  
was breaking because of her marriage  
with another man!

Oh, Betty, isn't life wonderful!

I never thought that, when I read  
such stories as "The Jewels," I would  
be one of the actors in a story of  
that kind. You remember, Betty, how  
we sneaked that book up to my room  
and read it under lock and key be-  
cause we knew that if mother knew  
we were reading it she would take  
it away from us.

And now, Betty dear we know it is  
real life—just as did our author.

Of course in "The Jewels" the wo-  
man was aware that a man not her  
husband was giving her real gems.

Although I did not think so at the  
time, now that I have grown older  
and more experienced, I think that the  
author intended us to believe there was  
an "affair de coeur" between the wife  
of the government clerk and her hus-  
band's friend.

My sister, Leslie is perfectly inno-  
cent in this matter, but I sometimes  
wonder if I did right in allowing Karl  
Whitney to make her this wonderful  
present. But, oh Betty dear, I did  
feel so sorry for him. I knew his  
love for my sister will be the one love  
of his life. He is what you might call  
a "one-woman man."

He was over here last night and he  
did speak so beautifully of love and  
what it meant. I felt all the while  
he was talking that it was a shame

some good woman might not become  
his wife. I knew he will never marry.  
Betty dear, I am afraid that unless  
I find a man as splendid as Karl, a  
man who has the capacity for loving  
which he has, I shall go to my grave  
forever unwed.

Have you seen any men over there  
in France that strike you as splendid  
as is Karl? I do not think that you  
realized how wonderful he is until  
I told you of this tragic episode in his  
life.

Truly I have learned from this that  
we grow not from our joys but from  
our griefs.

I know you are intensely interested  
in this love story right out of real  
life and I shall keep you informed  
from day to day. But honestly, Betty,  
I do not think that Leslie's present  
husband can make her perfectly hap-  
py.

Lovingly yours,  
Alice.

TOMORROW: Leslie Prescott  
writes down thoughts she would not  
tell to another.

## A GREAT HELP

By Allman

# 'BERNIE AND BETTIE' IT WILL BE AFTER TWO "NOES" AND ONE "YES"

LONDON, Apr. 23.—Britain was so pleased when Princess Mary became the wife of Lord Lascelles, is tickled to death over the marriage set for Thursday of Bertie and Betty.

"Bertie" is the Duke of York, the second son of the King of England.

"Betty" is Lady Elizabeth Bowes-Lyon, youngest daughter of the Earl of Strathmore.

The nicknames are what they call each other.

The loyal Britisher is pleased not only because once more one of the king's children is choosing a Briton as a life partner, but also because the 28-year-old duke had to pop the question three times before he landed his girl.

They had met years ago at a kids' party when Lady Elizabeth was 6 and Prince Albert 12.

They met frequently after that because the girl was one of those chosen by Queen Mary as a companion and schoolmate of Princess Mary. Naturally, she was one of Mary's bridesmaids.

At the wedding the Duke of York paid marked attention to her. At

an informal dance preceding the wedding festivities the duke ventured his first proposal. "No!"

He Tries Again

Not despairing, the duke tried his luck a second time last summer at a country house in northern England, where both were guests. Lady Elizabeth and the duke were playing in a foursome at golf.

"How about a twosome for life?" the duke asked. "Again, "No!"

But last winter, while a guest at the girl's home in Hertfordshire, he and she strolled through the woods on their way to church on a Sunday morning. He proposed for the third time and got "Yes."

That's why the couple didn't reach church in time for the services.

Princess Mary married a very rich man. But the Duke of York is not marrying a very rich girl.

Her father, the Earl of Strathmore,

is the head of a very old house. He owns about 25,000 acres of land in Scotland and England. However, a greater portion of this will probably go to his eldest son and heir.

As the earl has three other sons and daughters, the dowry he gives the duke's bride will probably not be in the same class with the millions of Lascelles.

The bridegroom has been drawing an allowance from the British people of about \$50,000 a year. Upon his marriage, he will draw \$125,000 a year.

The social duties of a son of the king will make big holes in that income.

After the Prince of Wales, the Duke of York is the next heir to the throne.

school while now the average attendance is 150, or six times that amount. The membership of the church has grown three times the number belonging ten years ago, and a new church bome has been constructed made of brick and stone, and supplied with all modern equipment including a pipe organ, while then the congregation worshipped in the little one room frame structure.

## THE NEWS FROM PINEVILLE

### FOUR LIQUOR CASES ARE APPREHENDED

Saylor of Red Bird, Lee of Harps Creek, Bronson of Meldrum, Slusher of Royal, Offenders

PINEVILLE, Apr. 23.—Frankie Saylor of Red Bird was arrested Friday night at Four Mile charged with possessing and transporting liquor. He pleaded guilty and was put in jail in default of \$100 bond.

George Lee of Harps Creek Knox county, has been charged with possessing a 125 gallon copper still, which was found on his place. Four gallons and three pints of moonshine, whiskey was also found. He executed a \$500 bond.

Spurling Bronson of Meldrum was arrested and brought before Judge J. G. Rollins on the charge of possessing the prominent parts of a still and for liquor in possession. A copper plate was found where it is believed that parts of a still had been cut, but the still was not located. He was released under \$500 bond for his appearance Monday before Judge Rollins.

Victor Slusher of Royal has been charged with possessing, transporting and selling liquor. He was released after making \$500 bond for his appearance in London at the May term of the Federal court.

### REV. BRAZELTON TO DELIVER H. S. BACCALAUREATE SERMON

PINEVILLE, Apr. 23.—The Rev. Howard J. Brazelton pastor of the First Christian church, has been chosen by the Pineville School Board to deliver the baccalaureate sermon to the seniors of the High School Sunday morning, May 20.

The minister each year is chosen by the board by drawing a name from the list.

The commencement exercises will be held the following Wednesday or May 23, when the diplomas will be awarded.

### H. H. Alpers' Hand Better

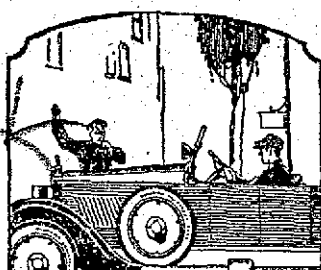

PINEVILLE, Apr. 23.—The thumb on H. H. Alpers' left hand, which was so badly crushed when an automobile door was slammed upon it, is much improved. At first it was thought that the joint would have to be removed, but it has healed nicely and the nail has almost grown back. Mr. Alpers says that he believes that he will soon be able to go without his cane.

### 3 Marriage Licenses Saturday

PINEVILLE, Apr. 23.—The following marriage licenses were issued Saturday: C. G. Martin, 30 years old, and Dora Partin, 18 years old, from Chenoa; Roscoe Prater, 21, and Rose Lee Brown 15, both of Balkan; and W. D. Black, 21 of Carolina, and Perrie Dye, also 21, of Cary.

### Calls Flocoe Best in State

PINEVILLE, Apr. 23.—The state inspector of the Board of Health has sent word to Mr. McCarty, owner of the Flocoe Sweet Shoppe that he has the "nicest, most up-to-date, and most sanitary place of its kind in Kentucky."

### TAKES 5900 KRONEN TO BRING JOURNAL FROM AUSTRIA HERE

PINEVILLE, Apr. 23.—It took 5900 kronen (a kronen of Austrian money before the war was equal to twenty cents in United States money) to bring the quarterly journal of the Egypt Exploration Society to Judge William Ayres in Pineville. The journal was mailed in Vienna, Austria, and the postage requiring 5900 kronen, amounted to twenty-four cents in American money at the present time. Before the war it would have taken a little more than one kronen only.

This little incident brings home the great depreciation of the Austrian coin, and the German mark has fallen even more.

### CHRISTIAN CHURCH SEES BIG GROWTH LAST TEN YEARS

PINEVILLE, Apr. 23.—Ten years ago the preacher of the First Christian church in Pineville was being paid approximately the same salary that the janitor gets, according to the Rev. Howard Brazelton, pastor of the church, who presented a few statistics of the church to the last board meeting.

At that time there were 25 in Sunday

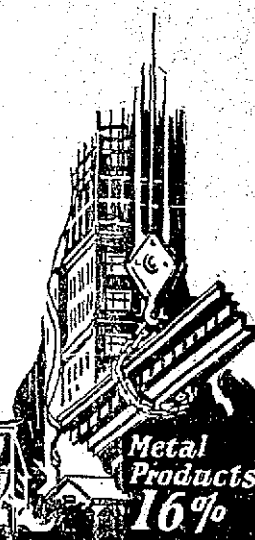

## Freight Rates Have Been Reduced—

ACCORDING to figures issued by the Interstate Commerce Commission (the contact and supervising body representing the Government of the United States in its dealings with American railroads), the average freight rate, per ton, per mile, in November, 1922 was 1.119c, as compared with 1.284c during the same month one year previous—the decline during the year amounting to almost 13%.

During this period, according to statistics issued by the Bureau of Labor, the average wholesale price of all commodities was 11½% higher than in 1921; the average increase in wholesale prices of farm products was 20%; of building materials, 19%; fuel and lighting materials, 18%; and of metal and metal products, 16%.

The railroads of America constitute the only large industry in the Country which, within the past year, has made a substantial reduction in the price of anything—another evidence of the importance of modern transportation systems to business prosperity and community benefit.

# Our Automobiles

## AUTO MAKING ON STEADY INCREASE

Experts Say "Saturation Point" of American Industry Will Be Twenty Million

Henry Ford breaks his record again—turns out 37,703 passenger cars and trucks in one week. All these are for sale in our country. The figure does not include production of Ford's plants in Canada and abroad. Nor does it include cars for export.

Sixty-three hundred machines a day! Thirteen a minute, on the basis of an eight-hour day!

From the first of the year to April 1, American factories made 867,623 passenger cars and trucks.

The auto industry is estimating that all factories this year will manufacture between three and four million cars.

Over 11 million private motor cars and nearly a million and a half trucks and commercial cars are now in service.

Experts say that the "saturation point" of the auto in America will be 20 million machines. That is the potential market ahead of the makers, scheduled to be reached in 1930. Twenty million cars will mean one for every six Americans. By crowding, the whole nation will be able to go motoring at the same time.

Whether auto registrations will ever exceed 20 millions in our country will depend on what happens to average prosperity, also on how quickly the inventors perfect inexpensive fool-proof airplanes that will take us off the road and into the air.

Sky in the future will be literally black with airplanes.

Auto makers at present are handicapped by shortages of various materials, especially plate glass. The plate glass famine is due to the rapidly increasing popularity of the closed cars, which unquestionably will be "THE" car of the future. About half the people who are in the market for new cars want the closed models. Ford this year will make 500,000 closed cars. "Keep out the rain" is the big reason.

On the other hand, the closed car also keeps out the fresh air, for the owner develops a tendency to lower the windows just enough to keep ventilation below the reeking point. Better for the health in the old days when oxygen rushed in at the car's open sides or around the curtains.

Maybe, though, the closed car is sent along to get us gradually used to the closed compartments that will be necessary in fast-flying airplanes of the future.

## AUTO DEALERS MUST GET LICENSE TAGS

Given Until June 1 to Get Metal Plates For Use On Cars In Transit

By Associated Press.

FRANKFORT, Ky., April 21.—Auto dealers in Kentucky will be given until June 1 to obtain an extra supply of metal license plates to be used on cars in transit, according to an announcement made today by John P. Lewis, chairman of the State Tax Commission. After that date drivers of cars not properly tagged are subject to arrest in Ohio, Indiana, Illinois and other states through which Kentucky bound motor vehicles may pass.

Ohio administrative officials some time ago notified the State Tax Commission that manufacturers or dealers sending cars to Kentucky without the proper tags would be prosecuted. At a conference held recently by officials of Ohio, Indiana, Illinois, New York and Pennsylvania, it was agreed that the law would not be enforced strictly against Kentucky dealers until June 1, and that in the meantime dealers would have to provide themselves with the necessary plates.

Dealers must obtain a supply of transit permits to use until the regular tags are available. These permits, bearing the dealers' number, must be pasted on the windshields of automobiles in transit.

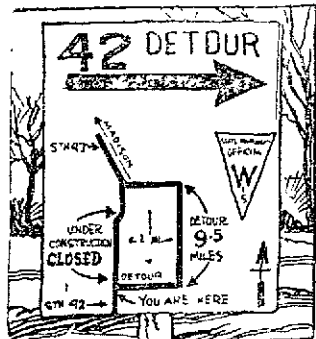

The letter from Chairman Lewis states that "this department has been repeatedly advised, and complaint has been received from county officials and citizens of the various counties of the state, of the flagrant violations of the law by dealers of this state in using dealers' licenses upon their private automobiles and service trucks, and in some instances even giving their extra dealers' plates to purchasers of new cars to be used by them instead of licensing the cars as required by law."

"Since you are now required to secure more extra dealers' plates than you will need in your business otherwise," the letter continues, "we want to advise that these dealers' plates only be used in driving cars in transit and for the purpose of demonstration and any dealer using them otherwise will be prosecuted."

### Search For Rubber

American tire interest have been forced to look for rubber possibilities in South America and the Philippines, because of the higher duties imposed on British importations. Great Britain controls 50 per cent of the rubber produced in the world, while the United States uses up 70 per cent.

## CAN'T LOSE YOUR WAY

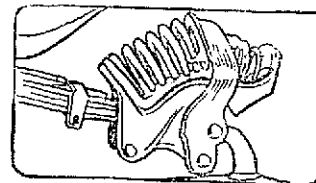

Motorists going through Wisconsin couldn't lose their way if they tried. The roads are clearly marked with every bit of information the stranger might need. Even detours are marked so clearly that the motorist knows exactly where he is at all times. Above is a typical detour sign in Wisconsin, giving complete information about the temporary turn in the road.

### Four Wheel Brakes

Five automobile manufacturers are planning to install a four wheel brake system on their cars. This decision has been prompted by the success the hydraulic brakes on the Duesenbergs have accomplished and by their popularity in Europe.

### Rebound is Checked

Not only is the first shock from a jolt checked by this form of shock absorber for a popular small car, but an auxiliary spring catches the car on the rebound and checks that shock. It is called a Double Shock absorber.

### Two Autos In Country

Against the 12,500,000 automobiles in the United States, compare the two automobiles in the Republic of Seychelles, northeast of the island of Madagascar. This country is 160 square miles in area and has 20,000 inhabitants.

## ADVISES AGAINST GAS SUBSTITUTES

Gasoline Prices Will Climb Again This Summer But No Fit Substitution Exists

When summer comes, prepare to live again against the high price of gasoline.

But don't go any further. Don't be misled into buying a substitute that is claimed to be "cheaper" and more economical. Because there isn't no such animal.

The farmer said that of the grantees when it was actually before him, but the American motorist has nothing as yet that can prove its superiority over gasoline. Scientists who are testing certain fuel combinations expect to bring out a worthy substitute but there are still experimenting.

Alcohol Costly  
Alcohol is being used in Cuba and

other countries as motor fuel—but it's cheaper there than it is in this country. Gasoline, despite its inferiority, is more economical to use here because of its lower price. Even when this price will be raised considerably by the heightened summer demand.

There are innumerable substitutes for gasoline—any hydro carbon will do the work—but not a single one has been found as practicable and economical as the fuel in general use today. Chemists of the U. S. Bureau of Mines in Washington are testing out numerous forms of hydro carbons for motor use, and so are engineers of private automobile manufacturing firms.

**Anti Knock Found**  
What they have found so far has been an anti knock compound which increases the efficiency of the gasoline now in use. Engines are being tested in connection with this fuel changes in their construction that will make for better driving and get more mileage out of the gasoline consumed. Even this anti knock compound is

not yet ready for use. Eventually it will be added to every gallon of gasoline put into the tank, but the motorist would not as yet economize by using it. Its cost is high, because it is hard to get.

Outside of this antiknock compound, no hydro-carbon has been found to replace gasoline as more beneficial and economical. Many pills and other substitutes may be foisted on the driving public, but the wise driver will not be fooled.

## CAN'T MAKE STUDEBAKERS FAST ENOUGH FOR DEMAND

Customers are waiting in line at the Studebaker factories eager to drive their cars away when they are finished," declared J. V. McCaleb, manager of the Middlesboro Motor company who returned Saturday from a visit to the factories at Detroit and South Bend. The factory is so far behind with orders that the local agency is not allowed any more for this month, he stated.

A carload of Light Six Studebakers were received here Saturday and brought to the garage. The business of the firm which includes not only the selling of cars and accessories but also general repair and auto painting continues to improve.

## HUGE SHIPMENT OF FORD PARTS RECEIVED HERE FRIDAY

Ford parts to the value of approximately \$10,000, the largest shipment of auto parts ever received in Middlesboro except stocks with which to begin a wholesale business, were received by the Motch Motor company Friday and are now being put in stock. The carload of crates and cases filled almost the entire space of their sales room and contained everything necessary for a Ford except the body.

The parts ordered last December with the expectation that delivery would be prompt. Since that time the stock of the local firm has run low and they have been unable to meet numerous demands of their patrons. The Ford factory has been so far behind in orders, however, that numerous telegrams and letters begging for the shipment were in vain.

A carload of Ford trucks came in on the yards at the same time. These have been unloaded and the chassis are kept out on the street now in the daytime.

## GARAGE GAS AND GOSSIP

Fred Manly of the Manly and Young architectural firm of Knoxville was here last week to gather preliminary data for the designing of the proposed new building for the Motch Motor company.

Work on the new Tri State Motor company building has already progressed to the second story.

The Howe-Lambert firm reports that it sells twenty Chevrolet each month and we are wondering how it does it.

A "Full a Hole Day" will be all right for a start but we believe it will take a month to do the job thoroughly.

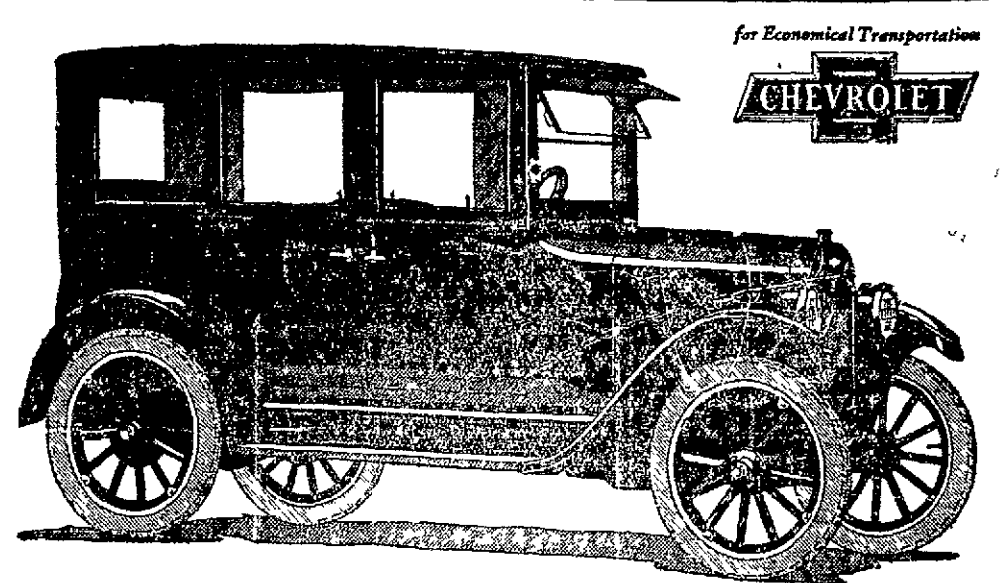

Violators of traffic ordinances have to pay three dollars. That's fine.

Hints to owners. Flivvers cannot be destroyed by fire. One became ignited here last week and two good gallons of gasoline were wasted.

Which is the best make of car? Answer to this question which has puzzled so many experts may be obtained from any local agency.

A gasoline tax would be almost as bad as road taxes.

Hints to motorists. A Pineville taxi driver saved his car by a jar of mustard.

## The 1923 SUPERIOR Chevrolet 5-Passenger Sedan

In 1922 Chevrolet led the world in closed car sales, chiefly because of the Sedan. This new Fisher Body Sedan is completely eclipsing its predecessor because:

**QUALITY** has been still further improved by more artistic design and added equipment.

**ECONOMY** has been still further increased by engineering refinements and greatly increased facilities.

**SERVICE** is now offered on a flat rate basis by 10,000 dealers and service stations.

**PRICES** of the new line remain the same in spite of added equipment and more expensive construction, which have greatly increased value.

### Some Distinctive Features

Streamline body design with high hood, vacuum feed and rear gasoline tank on all models, drum type head lamps with legal lenses. Curtains open with doors of open models. Closed models have plate glass Tera-tect regulated windows, straight side cord tires, sun visor, windshield wiper and dash light. The Sedanette is equipped with auto trunk on rear.

### Prices f. o. b. Flint, Mich.

## FULFILLMENT

He dreamed of lands beyond the seas; Adventures 'neath the tropic moon; Slim palm trees swaying in the breeze; The temple bell's barbaric tune: But from youth's manhood to manhood's noon,

And thence to life's grim closing scene His days were merged in dull routine. She dreamed of lovers—handsome, bold—

Of one she'd choose from that gay file— Then home, and happiness until.

As seen through mist, a baby's smile; But, unsought, spent her life the while A cog in Commerce's machine, And Ne'er in Love's court crowned queen.

Well, "Life's like that," I hear you say, 'Tis granted. Yet I like to think That somehow, somewhere, some fair day,

Beyond this earth span's sombre brink, Those who have dreamed in vain shall drink Their fill of life, with vigor keen, And realize what might have been.

Arthur William Beer, in New York.

## Birthday Dinner At

A. J. Slusher Home  
A birthday dinner was given yesterday at the home of A. J. Slusher in honor of Mr. Slusher and Jim Blais.

ing's birthdays. The cakes prepared by Miss Mabel Slusher, daughter of A. J. Slusher, contained thirty-three and forty candles for Mr. Slusher and Mr. Slusher, respectively. After the dinner the party motored to Pineville and returned in the evening. Guests were Mr. and Mrs. Arthur Smith of Detroit, Mrs. M. E. Hodge, the Rev. John W. Marshall and Miss Ruby Wilson.

## Miss J. H. Slomp Goes To Atlanta Grand Opera

Mrs. John H. Slomp is in Atlanta this week attending the grand opera presentations being given there.

## Spend Sunday On Clinch River

Mr. and Mrs. Rice Johnson, Miss Myra Johnson, Palmer Johnson and Neal Bennett spent yesterday on Clinch river.

## Miss Margaret Gunn Leaves For School

Mrs. W. E. Gunn, Miss Margaret Gunn and Miss Virginia Gunn left last night for Columbia, Mo., where Miss Margaret Gunn will enter the School of Journalism of the University of Missouri and Mrs. Gunn and Miss Virginia will visit for a few days. They will stop in St. Louis on their way to Columbia.

## Miss Lucretia Garfield

Visits Mrs. H. H. Saunders  
Miss Lucretia Garfield of Williams-town, Mass., a teacher in the Pine Mountain settlement school, spent yesterday with Mrs. H. H. Saunders. Miss Garfield, who is a granddaughter of the late President Garfield, was on her way to Washington, D. C., to attend the national Girl Scout convention which begins there tomorrow.

## Delegates To Presbyterian Return

The local delegates from the local Presbyterian church to Presbyterian at Chattanooga last week returned home Saturday night. The delegates were Mrs. W. S. Anderson, Mrs. Hugh Allen, Mrs. Wilbur Hollingsworth and Mrs. Harry Verran.

## Music Study Club Meeting Postponed

The Middlesboro Music Study Club meeting, which was to have been held tomorrow night at the Presbyterian church, has been postponed until May 1, because several of the members who were to take part in the program are in Atlanta attending the grand opera there this week. The program which will be given next Tuesday night correlates Rueda, Schiller and Weber.

## Miss Alice Gloster Hostess At Dance

Miss Alice Gloster entertained with a dance Saturday night at her home on Dorchester avenue in honor of Miss Margaret Ellis Motech of Winchester. Guests were: Miss Virginia Broshier, Miss Kathryn Callison, Miss Jean Callison, Miss Neil Buchanan, Miss Lucille Short, Miss Freda Easton, Miss Catherine Gagle, Miss Hazel Hambricht, Miss Alice Motech and Miss Margaret Ellis Motech, Leo Wardrup, Russell Brown, Humberta Terry, John Walbrecht, Charles Marion, Claude Thomas, Billy Faulconer, Henry Austin, Harry Lewis and E. W. Mercer.

## Senator White Moss Woman's Club Speaker

Senator White L. Moss of Pineville was chief speaker at the Woman's Club meeting at Kenteau Hall this afternoon. The program was in charge of the Educational Committee of which Mrs. E. A. Hubbard is chairman. Miss Bertha Hoe and Will Hoe gave musical numbers.

## LOCAL BRIEFS

J. W. FALLON, C. C.  
Wm. CAPLES, K. R. S. 4-24-23

## TODAY'S RECIPES

### POTATO CHICKENS

These potato chickens are very attractive to serve at a children's party.

The ingredients are:

Three hot cups mashed potatoes, three tablespoons butter, one teaspoon salt, one-eighth teaspoon pepper, one egg, and yolks of two eggs.

Add the butter, salt, pepper and eggs to the potatoes and beat well. Cool and shape with the hands into chicks. Brush over with egg, and set in oven to heat. For eyes use whole black pepper, or peppercorns as they are called, and for the feet, whole cloves. Serve on a bed of watercress or parsley. These chicks may be rolled in flour, dipped in egg diluted with water, and rolled in fine dried bread crumbs. Fry in deep fat and garnish as directed.

## What Does a Day's Work Mean?

It means one of two things—that you are, at the end of the day, ready for an evening of healthful pleasure; or you haven't enough energy for anything. Do not envy the well man or woman, those who are getting all the pleasures that a well, vigorous and healthy person is entitled to have—but take your place among the well and happy by using

## DR. LIVINGSTON'S REGENERATOR

THE GREAT NERVE TONIC AND BLOOD PURIFIER.

to restore your lost energy—to tone up the liver and purify the blood. People suffering with Eruptions, Nervous Headache, Indigestion, Dizziness, Rheumatism, Boils, Skin Diseases or other complaints due to affected liver and kidneys or impoverished blood cannot expect to have the enjoyment in life that they are entitled to until after these troubles are corrected.

A sluggish liver, or inactive kidneys may be sending impurities throughout the system which accounts for your condition today; or your symptoms likely indicate a weakened condition of the blood—that it hasn't strength to throw out germs and build new vital forces. REGENERATOR by enriching the blood, throws out germs and builds new vital forces. REGENERATOR has proven its merit in thousands of cases as being a most remarkable nerve tonic, system builder and blood purifier.

Take Your Place in Today's Happy Throng. Get a dollar bottle of REGENERATOR today. If your druggist cannot supply you or obtain it for you through his jobber, send us \$1.00 for a bottle postpaid.
